# Sso FAQ

Why am I required to reset my Automation Anywhere University / A-People / Zendesk / Bot Store password?

We have implemented single sign-on (SSO) across Automation Anywhere University, our online community, A-People, Help Desk, Bot Store and Documentation portal. This functionality allows you access to these web properties based on a single login. As part of this implementation, your account will require a password reset the first time you log into Automation Anywhere University, A-People, Help Desk or Bot Store after SSO is implemented. You will only be required to do this
